The best part about this class has been the personal interaction from Dr. Girard in his videos. His videos are well made and very informative.

I hope to get an opportunity to take another class with Dr. Girard.

Dr. Girard is one of the best online teachers any student can have. He responds quickly, grades quickly, and posts a variety of different ways to learn (videos, book notes, and examples). I usually hate group work especially in groups larger than 3 or 4, but Dr. Girard pulled it off nicely. The group project was not that bad at all. While I do think the presentation was a bit too much, it was still enjoyable. One of the best online courses that I have ever taken. Thankyou Dr. Girard for this wonderful experience!

Side note: I think that this is important to the survey. I've had this question in other schools teacher evaluations. The question is "what is your anticipated grade".

My answer to that question is an A.

I really valued Dr. Girard's teaching methods, his weekly videos were very helpful. I felt the assignments given were very pertinent to the course and didn't just feel like "busy work" I really applaud his efforts in making this online course feel more like an in-person course. We did a lot of group work and I had a great group to work with.

The videos really helped with Lucid Chart
